Scripted Stories for Social Situations

Scripted Stories for Social Situations help children understand social interactions, situations, expectations, social cues, the script of unfamiliar activities, and/or social rules. As the title implies, they are brief descriptive stories that provide information regarding a social situation. When children are given information that helps them understand the expectations of a situation, their problem behavior within that situation is reduced or minimized.

Book Nook

These easy-to-use guides were created especially for teachers/caregivers and parents to provide hands-on ways to embed social emotional skill building activities into everyday routines. Each book nook is comprised of ideas and activities designed around popular children's books such as *Big Al*, *Hands are Not for Hitting*, *On Monday When it Rained* and *My Many Colored Days*. Examples of suggested activities include using rhymes to talk about being friends, making emotion masks to help children identify and talk about different feelings, playing games around what to do with hands instead of hitting and fun music and movement activities to express emotions.

Abiyoyo by Pete Seeger
