Current as of July 2021

If you're concerned about the development of an infant or toddler, or you suspect that a little one has a disability, **this page will summarize one terrific source of help—the early intervention system in your state.** Early intervention services can help infants and toddlers with disabilities or delays to learn many key skills and catch up in their development. There's a lot to know about early intervention. We present the "basics" here to get you started.
