

Relationships are important

During this time of uncertainty, we recognize that we all need support.

See [our COVID-19 resources page](#) for ways to get help and stay in touch with other infant mental health professionals.

We envision a world where all children have the necessary mental health supports that enable them to thrive.

Apply for the 2023 Dolores Norton Research Award

The ILIMHA Research Committee is pleased to announce the **2023 Dolores Norton Research Award**.

The award provides **\$5,000** towards the support of research pursuits of promising doctoral or post-doctoral scholars in the field of infant and toddler social-emotional health, development, and intervention.

The Award recipient will be announced at the ILAIMH Annual Conference on October 6.

Applications are due August 4
