Tips and things to know:

- Gateways Scholarship contracts run from July 1st through June 30th. If you wish to continue receiving support for coursework, a new application must be completed each year.
- Gateways Scholarship recipients must contact a Gateways Scholarship Specialist prior to each term, to provide information about what courses will be taken that term. The coursework information must be submitted to the Gateways Scholarship Specialist using the Participant Class Schedule Form, found at <http://www.ilgateways.com/index.php/financial-opportunities/scholarship/additional-scholarship-forms>.
- Check your Registry membership.
 - Ensure that your email address is accurate and working.
 - Ensure your phone number and place of employment is current.
 - If anything changes, update your Registry information as soon as possible to ensure that Gateways can continue to communicate with you.
- Check your email filters. Gateways emails often have attachments, so they can end up in junk or clutter folders. Add Gateways to your approved contact list to ensure future emails end up in your inbox.
 - If you have not heard from Gateways within 20 business days, check these folders, call, or email.
