Competencies by FSC Level and FSC Framework

- Attachment A includes competencies required at each level.
- Some levels do not have competencies in each Content Area.

- The current Family Specialist Credential Level 2 requires:
 - Human Growth & Development
 - Interactions, Relationships, & Environments.
- With the shift to competencies, the Family Specialist Credential Level 2 includes:
 - Human Growth & Development
 - Health, Safety, & Well-Being
 - Family & Community Relationships
 - Personal & Professional Development
- Interactions, Relationships, & Environments (IRE) has now shifted to Level 3.
 - Question: Should IRE be included at Level 2?
 - The Committee agreed that IRE is fundamental knowledge for the FSC.
