

SMART START

TRANSITION GRANTS

The Illinois Department of Human Services Division of Early Childhood is excited to announce Smart Start Transition Grants. These grants will be administered by INCCRRA and will transition licensed child care programs from the Strengthen and Grow Child Care grants to Smart Start Child Care in the future. Smart Start Transition Grants focus on providing stable and predictable funding in order to improve quality and support workforce development.

What you can do today

You want to make sure you are ready to apply in July 2023 for the first round of Smart Start Transition Grants. Start this check list below today!

- Keep your Registry membership and Registry Director Portal current. Your Registry membership and Director Portal access renew annually and often at different times. You can check your Director Portal Expiration using [these steps](#).
- Make sure all reporting for all grants is complete and accepted, this includes Child Care Restoration Grants, Child Care Workforce Bonus, and Strengthen and Grow Child Care Grants.
- You must have a Unique Entity Identifier (UEI). The DUNS number will not be accepted for Smart Start Transition Grants. This process can take time and should be started now! Entities doing business with the federal government will now require the Unique Entity ID created in SAM.gov. New entities that have not registered to SAM.gov for their Unique Entity ID can find a [fact sheet](#) with information about the change and what entities need to do. Existing registered entities can find their Unique Entity ID by following the [steps here](#).
- For licensed child care centers update your classroom listing often in your Gateways Registry Director Portal, use this help [article](#) for detailed instructions on how to update your classroom listing.
- For centers, corporations, partnerships, and Limited Liability Companies (LLC) – an Illinois Secretary of State [Certificate of Good Standing](#) will be required. This must have a date of 2023 to apply for Smart Start Transition Grants Round 1.
- Start to think about what your new grant budget will look like. The budget itself is going to be very similar to the SGCC budget, but take into consideration the new grant award amounts, and the new requirement that 75% of funds must be spent on enhanced personnel. An updated tip sheet specific to budget planning will be coming soon.
