New Applications for Competency Entitlement

- Chicago State University – Seeking FSC 2-3:
 1. On IR2, it looks as though some wording is missing on the final assessment. The committee asks that this being clarified.
 2. SOC 3500 and SOC 3510 are both listed on the competency alignment table as I or II interchangeably. The committee is wondering which ones are typos. Also needs the syllabus for SOC 3510.
- Motion to provisionally approve (with minor edits) Chicago State University for the Gateways Family Specialist Credential levels 2-3 made by Stacy Thompson
 - Stacie Kirk motioned to accept
 - Jolene Taylor seconded
 - Motion passed and application provisionally approved for the Gateways Family Specialist Credential levels 2-3.
 - INCCRRA will follow-up with institution regarding edits

GATEWAYS TO OPPORTUNITY®

Illinois Professional Development System

- University of Illinois Urbana Champaign – Seeking FSC 2-5
 1. The committee asks that Soc 321 be removed from the competency alignment table and program layout for level 4. They did not believe that it adequately showed how the course work was relating to families. Please keep the other courses on level 4. The committee believes that the changes with the ALEC course look good and that the additional course work will suffice.
 2. The competency, CPD 5, is missing from the application. It was probably cut off during editing. This has happened with other institutions. Please just make sure that it is added back into the application.
